

Use of ICT By Faculties

- i) Video lectures-Recording of video lectures has been made available to students on YouTube for long-term learning and future referencing.
- ii) Video conferencing-Students are counsel through Zoom, Google meet, Microsoft team, team link, Google classroom and Cisco Webex.
- iii) PowerPoint presentations-Faculty members are encouraged to use PowerPoint presentation in the classes by using LED projectors digitally.
- iv) Use of seminar room/auditorium-The well equipped seminar room is regularly used for guest lecturer, expert talks and various competitions for students.
- v) Online question papers-Faculty members prepare online question papers for students with the help of Google forms. This helps the students to prepare for the University Online Exam.
- vi) Online workshops/webinars-Faculty members conducted webinars and workshops for all subjects during the pandemic by using various ICT tools.
