

1. Absorption of students admitted under previous directions

The university shall continue to conduct M. Sc. and other Master Programs' examinations (under Faculty of Science & Technology) as per previous directions for THREE years (i.e. SIX attempts) to provide opportunities to failure students of these programs.

Students admitted to M. Sc. and other Master's programs (under Faculty of Science & Technology) as per previous directions (CBS and CBCS) shall be absorbed in this scheme of examination as per following guidelines:

Students who have passed 1st Year (1st and 2nd Semesters):

- a. Students who have cleared M. Sc. and other Master Programs, semester – I and semester – II examinations as per previous directions (CBS and CBCS) will be allowed to take admission to semester – III of M. Sc. program under this direction and will be required to opt for the same program (which she/he had in first year of Master's) as major subject.
- b. SGPA of 1st and 2nd semester examinations of such students will be considered while processing the final year result.

Students who failed in one or more subjects of 1st Year (1st and/or 2nd Semesters):

- a. All such students, if eligible under ATKT rules, will be allowed to take admission to semester – III of M. Sc. program under this direction as mentioned above. However, such students will be required to pass their backlog subjects as per old scheme of examination.
- b. If such student fails to pass any of the backlog subjects in provided number of attempts, will not be absorbed in this scheme of examination and shall be required to take a fresh admission to 1st year of M. Sc. program under this direction.
