FOREWORD

The University Grants Commission (UGC), an apex Body of Higher Education, established under the act of the Parliament in 1956, is entrusted with the tasks of coordination, determination and maintenance of standards of university education in India, periodically compiles and disseminates statistical information on various parameters of Higher Education. The present publication contains useful information on foreign students studying in Indian higher educational institutions/ Indian Universities.

I am sure this will be a handy and important input not only for Indian education policy purpose but also for Students, Parliament and the Parliamentarians, Government Bodies/Institutions, other higher education related agencies and organizations etc and to address queries under the Right to Information Act, 2005.

I trust the users will find this publication quite useful as it would provide them information pertaining to growth and trends of foreign student's enrolment in Indian Universities of higher education in India.

I take this opportunity to express my sincere thanks to the Heads of all the Institutions for their timely cooperation in providing the desired data without which it would not have been possible for us to bring out this publication.

The appreciation to bring out this publication goes to all the team members who have worked in the Information & Statistics Bureau for compiling the data and putting it in the present form. Special thanks are also extended to those who have helped in bringing out this publication.

PREFACE

The Information & Statistics Bureau of the University Grants Commission has brought out publication entitled “**International Students in Indian Institutions of Higher Education (2012-13 & 2013-14)**”. This publication is of vital use for fulfillment of Parliamentary/ Ministerial requirements and other essential demands of the versatile users’ / communities including researchers putting on some light on the global activity in the particular area in the present day prevailing context of huge transformation and changing scenario in the complex heterogenic Indian higher education system.

The work is a continuous activity with enough scope for its modifications and rectifications wherever essential based on cooperation and coordination from all sectors involved in the higher education for collection of information / data with special mention to the primary sources i. e the universities/ institutions of higher education from where the Bureau has been receiving quite a substantial support as otherwise such a publication would not have been possible even though there are still few defaulting universities not responding to their optimum.

I convey my heartiest thanks to all those who have contributed immensely to this publication and deserved to make this publication a success. I also submit this publication for ready reference and use and also hope to receive full-fledged support in near future too.

With regards,

(Pankaj Mittal)

BASIC INFORMATION AND DETAILS

The University Grants Commission is a nodal agency for coordination, determination and maintenance of standards of Higher Education in India. **The Information & Statistics Bureau of University Grants Commission** collects information on various parameters of Higher Education from Universities / University level institutions and colleges every year as per pre-devised formats. As per existing system in the country either a university may have only teaching departments or teaching departments as well as colleges affiliated to it. The consolidation and presentation of data on various parameters has been done separately at university level and college's level from time to time by the Bureau of Information and Statistics.

The present publication is about the number of International Students enrolled & studying in the Indian Universities /Institutes of Higher Education. The statistical data elaborates Total enrolment, Gender-wise enrolment, Country-wise; Country-cum-University-wise enrolment in of foreign students taught in Universities/Institutes of Higher Education and affiliated colleges for the years 2012-2013 and 2013-2014.
